leggere Steve Jobs EBook gratuito PDF/EPUB/mobi Walter Isaacson , 'This is a riveting book, with as much to say about the transformation of modern life in the information age as about its supernaturally gifted and driven subject' - *Telegraph*

Based on more than forty interviews with Steve Jobs conducted over two years - as well as interviews with more than a hundred family members, friends, adversaries, competitors, and colleagues - this is the acclaimed, internationally bestselling biography of the ultimate icon of inventiveness.

Walter Isaacson tells the story of the rollercoaster life and searingly intense personality of creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries: personal computers, animated movies,music, phones, tablet computing, and digital publishing.

Although Jobs cooperated with this book, he asked for no control over what was written, nor even the right to read it before it was published. He put nothing off limits. He encouraged the people he knew to speak honestly. And Jobs speaks candidly, sometimes brutally so, about the people he worked with and competed against. His friends, foes, and colleagues provide an unvarnished view of the passions, perfectionism, obsessions, artistry, devilry, and compulsion for control that shaped his approach to business and the innovative products that resulted.
